

**Objective**

The Andalusia pilot aims to avoid unwanted loneliness, promote social cohesion and enhance wellbeing.

PARTICIPANT ENGAGEMENT

PILOT SERVICES

CONCLUSION

This study highlights the transformative potential of sociotechnical ecosystems in promoting positive outcomes for active and healthy aging, underscoring the importance of embracing age-friendly technological advancements to support a thriving older population. Specifically, according to the data at this moments, older adults exhibit openness towards new technologies, but it is crucial for these technologies to be tailored to their needs and lifestyle, while also reinforcing their digital skills.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 857188
